Feb. 21-3t. Wildie Ky.

Between 160 and 170 children
lost their lives Wednesday as the
result of a fire which destroyed the
public school building in North
Collinwood, a suburb of Cleveland.
Wednesday night 605 corpses were
in the improvised morgue, six
children were unaccounted for and
all the hospitals and houses in the
vicinity contained children, some
fatally and many less seriously
injured. The fire originated from
a defective furnace. The children
on the lower floor of the building
escaped, but those on the upper
floors became panic-stricken and
stampeded. Many of the victims
were trampled to death, while
others were burned and still others
were suffocated.
